Please join us in this new MAP Center Virtual Equity Learning Series!

This EquiLearn Virtual Roundtable Series provides an opportunity for participants to engage in shared learning about how racism is manifested in our schools and classrooms. Participants will discuss effective practices for promoting racial equity, as well as collaborative action planning for sustaining an anti-racist focus against efforts to distract and derail.

Accessibility questions for all events, please contact the center at (317) 278-3493 or email at [glec@iupui.edu](mailto:glec@iupui.edu). All accommodation requests must be made within two weeks of event date.
