

September 29-30, 2020 | Indianapolis, IN

2020 Equity Leaders Institute

*Creating Caring School Communities:
Decolonizing Harmful Practices, Disrupting Push Out,
& Advancing Liberation in Our Schools*

Learning Outcomes

Following this learning experience, participants will be able to:

- **Explain** how policies, practices, and structures disenfranchise students and educators from the school community;
- **Understand** how anti-racism practices support creating a caring school community;
- **State** the critical features of a caring, liberating school community;
- **Engage** leadership practices that promote a caring school community amongst and between adults and students; and,
- **Advance** planning towards efforts for increasing leaders' capacity to create a caring school community through equity-focused, school-based practices.
