# Fall 2019 Equity Leaders Institute

## Moving Beyond Critical Reflection to Critical Action: Policy and School Governance

### Objectives

Participants will engage in learning activities to:

- **Identify** a strong rationale for centering equity in policy making and governance.
- **Showcase** state and/or local education agencies leading successful equity efforts in the Center's region.
- **Examine** the role of school boards and district leadership in facilitating and leading the creation of vision, mission, and policy/systemic goals such that all students benefit regardless of race, sex, national origin, religion, or socioeconomic status, etc.
- **Discuss** obstacles and avenues for collaboration among school board members, and between school boards and districts leaders in advancing educational equity via policy making and governance.
- **Planning** for centering equity in decision-making across policy domains in advancing educational equity.
