

User Experience

Grid View

When you invite people to your grid, they will visit the “pinned” topic of the Grid. This makes it easy for students to know exactly what they should be focused on when they land on your grid. Visitors will still be able to navigate to other topics on the grid using the drop down menu below the Grid Cover Image.

Turn on Dark Mode and Click the three dots or your name for more Grid actions

Use the drop down menu to explore other Topics that are the Grid.

MathemAGIC 1: We're mathematicians!
Aug 9, 2019 4 Topics ▾

Post a Response:
Cool! You've drawn a picture that shows how you feel about mathematics. Share your drawing and describe your feelings about math in your response.

Post a Reply to yourself:
How have your feelings about mathematics changed during this activity?
What will you do differently this year when approaching difficult math topics?

Post a Reply to a peer:
If you have time, reply to another student with a message from you encouraging him/her/them to persevere during math this year.

0 Videos 0 Responses 0 Replies 0 Views [0.0h Engagement](#)

For whatever Topic is shown in the top drop down menu, Here is were you will see the Topic Prompt and Focus displayed.

When ready to add a response to the Topic, click the green button with the white plus to open up the Flipgrid camera and prepare to add your magical voice!

Adding Responses

You have two options when adding a response to a Topic. Record a response using your device's camera or upload a previously saved video from a file. Either way follows the same basic steps.

Remember to add a response always start with the green button with the white plus sign. Clicking this will open the Flipgrid Camera.

Click the record button to begin to recording your response using your device's camera or use the photo button to import a video file,

The Creator's Guide to Flipgrid Camera & Shorts

By Mike Mohammad

bit.ly/flipgridcamera

There is sooo much more to the new Flipgrid camera than just opening it and making a recording. Luckily our good friend Mike Mohammad put together a great supplementary guide to help everyone dive deeper and get familiar with all the features that are built into it. If you want to check out just the basics we recommend starting with pages 4, 5 and 8. and watching the videos Mike created and put in this MixTape flipgrid.com/+flipgridcamera.

Guides for Students

 - ▶️ to continue
- 5**
 - 📷 to snap a thumbnail selfie
 - 🔦 to use flash (if necessary)
 - ✅ to finish
- 6** Enter your info

Our good friend [Claudio Zavala Jr.](#) created a recording guide for students as they record their video responses. He recommends laminating these posters and using a whiteboard marker to write the Flip Code so that the poster can be used again and again.

Scan the QR code or follow the link below to get a printable copy of this guide.
